EDUCATION

B.E Computer Science and Engineering - CGPA: 9.21 2023 - Current
St. Joseph's Institute of Technology

AISSCE - Mathematics & Computer Science - 90.6% 2023
NSN Memorial Senior Secondary School

EXPERIENCE

Full-Stack Web Developer Intern, Zuntra Digital May 2025 - Aug 2025
Express.js, MongoDB, React.js

- Built backend services for an HRMS platform managing employees, tasks, and workflows.
- Designed and implemented RESTful APIs for onboarding, attendance, and task management.
- Implemented role-based access control for secure HR and employee operations.
- Designed database schemas to efficiently manage application data.

PROJECTS

FarmGuard: Digital Livestock Monitoring System for MRL & AMU
React.js, Express.js, MongoDB, Socket.io, Redis

- A comprehensive livestock health management portal ensuring MRL & antimicrobial compliance.
- Features **role-based access control** for secure multi-user system access.
- Includes an **e-prescription system** for livestock medication tracking and withdrawal compliance.
- Enables supply-chain stakeholders to verify livestock product safety and compliance.
- Implemented **caching and API rate limiting** to improve performance and manage API traffic.

Viraloli: A Tamil99 Keyboard Typing Practice Application
React.js, Express.js, MongoDB, Redis

- An **open-source Tamil99 typing application** using a standard English keyboard.
- Features an **interactive typing engine** with real-time accuracy feedback.
- Includes a **structured course curriculum** with progressive practice lessons.
- Supports **offline practice mode** without an active internet connection.
- Provides a clean, responsive interface for an intuitive learning experience.

SKILLS

Languages	Java, SQL
Development	Express.js, React.js, Socket.io, Redis, REST APIs, Git, GitHub
Database	MongoDB, MySQL
Tools	Postman, Figma, VS Code
Soft Skills	Adaptive Learning, Leadership, Communication

CERTIFICATIONS

Programming in Java - NPTEL
Data Structures and Algorithms using Java - NPTEL
Introduction to Git & Github - Google
Data Base Management System - NPTEL
Networking Basics - Cisco Networking Academy
